

Easterseals of the Birmingham Area Newsletter

JUNE

We are thrilled to announce that we were able to place 46 students in our paid Teen Summer Work Internship program this summer. Our goal is to take the skill sets taught and learned in schools where we lead Workforce Development and place these students in Work Based Learning Internships. The ultimate goal is for students to participate in these internships and gain valuable work skills and experience needed to be successful in employment. These students were placed in a variety of jobs in our community. From helping pack lunches for Kickstart, stocking shelves at local grocery stores to working alongside faculty within a senior center.

JULY

Fun News, now you can spot us driving around Birmingham ... we added our Easterseals logo on our company Truck! This is a great way to market who we are while we are driving around town.

We also hired Lorenza who handles our facility maintenance! Lorenza has been a great addition to our team, he is always eager to help and we have enjoyed getting to know him.

AUGUST

August was a great month for Easterseals of the Birmingham Area! We held our virtual Brunch Basket Drawing where we raised enough money to purchase a new Gait Trainer for our Pediatric Clinic. We are so grateful to the local business who

donated to us so we could create such an appealing Brunch Basket. We also hired a new Speech Language Pathologist, Kelsey Thompson!!

Our BIG news for August is that we moved our Adult and Corporate location!!! Our new address is 529 Beacon Parkway West Suite 214 Birmingham, AL 35209. Our team is so excited to be in this new office space. We have a nice clean conference room and computer lab for our clients. We are able to save money each month since we have downsized our space - this is a huge plus for us! Thank you to our Board and Junior Board members for helping us move and set up furniture. Come see our new space, just wear your mask!
